

Our Inpatient Care Centers

Hospice of Palm Beach County
Hospice by the Sea

Designed to be a home away from home. When your loved one's condition requires 24/7 acute care, our inpatient care centers provide it in a setting where families are embraced and supported.

A refuge for families. To help you through this difficult time, our care centers are designed for your serenity and comfort—with soothing décor and lighting, comfortable furniture, kitchen facilities and family gathering rooms.

You are always welcome. Meeting the needs of every patient and family member in our care centers is important to us. Registered nurses are there around the clock to care for your loved one and answer your questions. Our physicians visit regularly. Our social workers and chaplains are there to support you emotionally and spiritually.
