Together, we can help you find hope and create new memories that will bring a smile back to your face when remembering your loved one.

The Nature of Grief

The early days of the grieving process can be particularly difficult. Our bereavement services begin with The Nature of Grief workshop which provides an overview of grief and offers strategies to help you during the early stages. After that, you may choose from our Open Support Groups.

Open Support Groups

Open support groups provide an opportunity for adults to come together and share their struggles on various grief related topics.

Our Open Support Groups and Nature of Grief workshops are available to all without prior registration.

Loss-Specific Support Groups

Our loss-specific support groups are designed to help individuals share their grief with others who have had similar losses. Please call 888.499.8393 to speak with a bereavement specialist about joining a loss-specific support group.

Workshops

Our workshops are created and facilitated by our expert bereavement specialists and cover a variety of topics.

Sea Star Children's Programs

Our Sea Star Children's Program provides grief support to children and teens who have experienced the death of a loved one. Through individual counseling, support groups, workshops, family fun events, and grief camps, our programs promote resiliency, hope, courage, and self-esteem.

Our bereavement team is here to help you realize that grief is a normal part of life and a natural continuation of your love for the one who died, **We are here for you.**
